Message from the President

Challenging times can be periods of exciting growth and reinvention for organizations as well as individuals. In these difficult economic times, Dauphin County Library System is experiencing exponential growth in public use, serving as the go-to resource for residents searching for work or financial assistance, families seeking low-cost resources for entertainment and their children’s education, and lifelong learners hunting print and online materials to explore the world, satisfy their curiosity, and read for pleasure.

These important service connections are made at DCLS libraries and on DCLS’s website every day, thanks to the dedication, expertise, commitment to excellence, and creative thinking of our employees and volunteers. They make a dramatic difference in people’s lives. Combined with the support of government leaders, corporate and foundation sponsors, individual donors, trustees, Friends of the Library, taxpayers, and community partner organizations, their efforts ensure that DCLS has an impact on Dauphin County’s educational, economic, and cultural health.

At this point in DCLS’s life, we have much to celebrate as we set new circulation records (one million!), expand our literacy programs, achieve fundraising successes, and make significant structural improvements to several branch libraries — all with the goal of improving our level of service.

Your commitment of support to the Dauphin County Library System is an investment in keeping learning alive and accessible to everyone in our community. We’re counting on your continued support and involvement as we make a difference in even more lives in the future.

Kathy A. Silks
President
DCLS Board of Trustees
Mission Statement
The Dauphin County Library System strengthens the community by promoting literacy and providing resources and services for information, education, and recreation.

Mission Moment
Library Makes Grandmother’s Holiday Visit Happen!
One afternoon in October the head of DCLS Reference was called to the busy reference desk where a senior citizen couple requested help with purchasing an online airline ticket. They had never before used a computer or the Internet but the airline had informed them that they needed to book flights online. They turned to the public library. The octogenarian gentleman moved slowly on a cane. The petite grandmotherly woman told the staff she wanted the ticket so she could see her grandchildren for the first time in two years. She would travel alone three days before Christmas. Gathered around a public PC, the staff helped the couple work their way through PriceLine.com, creating a Gmail account along the way to complete the purchase. It was a heart-warming experience and they both repeatedly expressed appreciation.

Milestones
Borrowing Tops One Million!
Most Used Library Service Grows Even More

2008 was a banner year for DCLS library users, who borrowed more than one million items. Checking out books, magazines, CDs and DVDs is the most used library service, followed closely by in-library public computer use.

633,580 Adult and young adult items borrowed
377,746 Children’s items borrowed
1,011,326 Total items borrowed*

* This is equal to more than 11 items per DCLS cardholder!
Laughter & Learning @ the Library

Alan Zweibel, award-winning comic writer of Saturday Night Live fame, was the highlight of DCLS’s “Live, Laugh and Learn @ Your Library events in celebration of National Library Week. Headlining the Library Service Excellence Awards dinner, Zweibel had the entire audience alternately in stitches and profoundly moved as he talked about his friendship with the late Gilda Radner. 2008 was the first year that this annual event served as a fundraiser for the library system and it was a great success.

Other Live, Laugh and Learn programs included talks by best selling novelist, Cassandra King, and award-winning author, Cheryl Dellasega, and other programs.

Laughter-enhanced learning was on hand all year at DCLS libraries. Urged to “Catch the Reading Bug” with the summer reading program, thousands of readers of all ages demonstrated that learning is infectious by signing up for the program and participating in a summer full of “bug related” activities.

These readers completed more than 104,000 books!

Babies and their parents got into the act, too, and dispelled the myth that reading must be a sit-at-home-alone activity. Clapping, dancing and making noise are all part of the Born to Read programs!

Babies were introduced to the joy of reading and wordplay via Born to Read outreach programs. Parents joined their babies for the fun. Children enjoyed reading and stories through Born to Read outreach programs. Adults also participated in Born to Read outreach programs.
Characters @ the Library
And, of course, reading often requires “getting into character,” so there were plenty of opportunities for costumed fun during the year.

Use of the libraries’ public computers is one of the most popular services offered by DCLS. But online learning doesn't stop at the library’s doors. The DCLS website offers you 24/7 service, including access to AskHerePA, an online chat session with a librarian any time of day or night that promises answers to your questions within 15 minutes! The website is also a place to see what you have checked out, renew your borrowed items, check on the latest library programs or do research. You can even reserve a library computer there.
