

Workplace Safety is the responsibility of all of us. As we begin a new year here at DCLS, the Safety Committee wants to remind you to continue to take responsibility for the safety of yourself and for those around you. It should be noted that the cause of the majority of accidents in the workplace is unsafe acts. Given this fact we urge you to work in a safe manner. Please continue to remedy any unsafe conditions that you can do so easily and report all unsafe conditions that require more involved actions to the safety committee and to your managers and supervisors. Please keep work areas neat and tidy.

As the Safety Committee begins its second year in existence, we want to thank you for all that you did to help us improve conditions and reduce accidents in 2012. Let's keep the momentum going and make 2013 a safe and happy one.

To get you motivated, here are a few safety themed quotes:
