Reading Challenges at The Library with Beanstack

What is "Beanstack"?

Beanstack is The Library's reading challenge software. It allows you to track your reading and activities, see upcoming events, and receive weekly, personalized book recommendations!

Where do I go?

For information about our current reading challenges, go to **dcls.org/readingchallenges**. You'll find a link there to our Beanstack site: **dcls.beanstack.org**.

How do I sign up?

PREVIOUS USERS:

If you participated in a reading challenge previously, just go to **dcls.beanstack.org** or open the app and log back in with your username and password. Can't remember? Stop by or call any library and we'll look you up!

NEW USERS:

1. Click on the blue "Register an Individual or Family" button.
2. Fill in the information! If you are a parent registering a child, be sure to enter your information in under "Adult Information." Beanstack allows families to be linked together, so that all family members can be accessed with one login.
3. Once you are registered, you will be taken to your account page. This is where you will log your minutes and activities and track the badges you earn!

How do I log reading or activities?

1. Click on the blue "Log Reading and Activities" button in the upper left corner.
2. Follow the prompts on the screen to log whatever you've accomplished. **Be sure to pay attention to the logging requirements of the challenge—not all of them require the same things!**
3. When you hit a reading landmark, you will receive a badge and may be eligible for a prize!
